

Exhibit "A"
2017 Partnership Plan

Site Improvements

- In conjunction with DPRs Capital Projects and Permits Divisions, Friends of Francis Field will initiate a plan to improve the playing field by contracting a professional turf management/landscape firm.
 - June 2017- Close field to permitted and public use. De-compact the central area of the playing field, sow grass seed and fertilize.
 - Fall 2017-Reseed and fertilize as necessary
 - Spring 2018 reopen field for permitting and public use again
- In conjunction with DPR and Casey Trees, initiate a 40 tree planting plan
 - Spring 2017 plant 40 trees provided by Casey Trees in areas pre-approved by DPRs Capital Projects Division
- Embark on a long view study of irrigation issues and solutions

Outreach:

- Continue to work closely with ANC 2A, including presenting updates at regularly held ANC meetings as requested
- Continue to work closely with Francis Field stakeholders including residents in the condominium buildings adjacent to Francis Field, School Without Walls and others

Fundraising:

- Engage in fundraising efforts through securing donations from neighborhood stakeholders including individuals, developers, management corporations and embassies
